

QUALITY AND ENVIRONMENTAL POLICY

TARGETS AND OBJECTIVES

Weir Waste Services Ltd is committed to ensuring that the quality of service to customers is maintained at a high level and that their requirements are adhered to. We will focus on the requirements of our clients, establishing levels of communication capable of fully determining their needs and expectations whilst maintaining efficient and effective operations of our business.

We will develop & maintain a Quality Management System satisfying the requirements of BS EN ISO 9001:2000. which forms the framework for continual improvement and the realisation of all company objectives and targets.

The company intends to set the highest standards of waste management for the Construction Industry and the Commercial Sector in harmony with our surrounding environment, in accordance with the requirements of BS EN ISO 14001:2004. The company strives for continuous improvement using objectives, targets and Key Performance Indicators to minimise atmospheric and geological damage through the use of pollution prevention measures.

LEGAL and OTHER REQUIREMENTS

The company undertakes to comply with all legal and other requirements relevant to the organisation in all quality and environmental aspects.

RECYCLING

The company takes very seriously its responsibility to ensure that the environment is maintained as fully as possible. Our policy of sustainable waste management ensures that the maximum possible amount of waste is recycled thus reducing the input to landfill. Weir Waste Services adopt a hand on approach in assisting our customers to minimise their waste production. The company will continue to invest in new recycling technology ensuring minimum reliability on landfill.

MANAGEMENT and STAFF COMMITMENT

The Managing Director and staff are fully accountable for the quality and environmental policy and the company has in place a fully qualified management structure to ensure that all our legal and other environmental responsibilities are clearly defined and monitored.
